

The IOSH Managing Safely is a course designed for people in supervisory or management positions in all types of organisations, who need a broad understanding of health and safety at work. The aim is to give these managers knowledge to help implement good practice for health and safety in the workplace.

Entry Criteria - There are no formal entry criteria for admission to the IOSH Managing Safely programme.

Course Content:

The list of subjects covered includes:

- Reactive Monitoring
- Risk Assessment
- Health and Safety Legislation
- Electricity
- Work Equipment
- Housekeeping
- Display Screen Equipment
- Noise
- Chemical Safety
- Active Monitoring
- Safety Management Systems
- Manual Handling

Assessment:

There are two parts to the assessment for this course. The first is a question paper which covers the whole range of course subjects and the second is a written project. An IOSH Certificate will be awarded to successful candidates.

This course can be provided as in-house training.
